

What a Blessing it is

What a blessing it is
To be in the light
The light of the world, Jesus

What a blessing is it
To know You're here
Here with me, Jesus

You came and opened up my heart and mind
You knew I wanted to worship You
You gave, Your Spirit to me
I'm free to pray and praise You
Because of all the things, You've done for me
Because of all the promises, You gave to me

Troubles and trials
Are bearing their weight on me
But You're my minds refuge
The place I flee

Remember
Remember
The mighty things You've done
You're not gonna stop now

Remember
Remember
The mighty things You've done
You're not gonna stop now

How much You love me, remember
How much You love me,
Remember
The mighty things You've done
You're not gonna stop now
Remember
The mighty things You've done
You're not gonna stop now
Remember
The mighty things You've done
You're not gonna stop now

What a blessing it is
To be in the light
The light of the world, Jesus

What a blessing is it
To know You're here
Here with me, Jesus

What a blessing it is
To be in the light
The light of the world, Jesus

Remember
Remember
