

Come Away with You

Looking up, pushing through
Rising forth, standing strong for You
You're my life, Jesus
Only true love I'll ever know

You're the light in the darkness
You're the light in the darkness

Come away with You, ooh
Come away; I'll come away with You, ooh
Come away

Faithful and true is Your name
So beautiful, worthy of all my praise
And I'll wait for You
My faithful One
Clothe me in white
The righteous acts of Your Saints

You're the light in the darkness
You're the light in the darkness

Come away with You, ooh
Come away; I'll come away with You, ooh
Come away; I'll come away

My faithful and true, Oh, You're prayed for me
To keep me safe, Oh, I come to You
I'll bring my heart
And all my doubting to You
I'll bring it all to You

Come away
I'll come away with You, ooh
You'll clothe me in white
And I'll be Your bride

My faith and true, Oh, I'll wait for you

You'll clothe me in white
And I'll be Your bride

I'm alive in You
My faithful and true
