

We Love You Jesus

We love You, Jesus  
We love You, Lord  
You came with such grace  
With only love in Your heart  
For us strays

We want to praise You  
Live with thanks in our hearts  
For it's You that is good  
We want good in our hearts  
We come to You

A man with a beautiful heart  
And they hated You  
A man who did only good  
And they killed You  
Oh, let us not do the same  
Oh, let us not be ashamed  
Of Your greatness  
Of Your power, God

We love You, Jesus  
We love You, Lord  
Take control of our lives  
Take control of our hearts  
Show us Yours

What can we give You?  
There is nothing that You need  
Yet, You still came to take the blame  
All to set our souls free

Nothing You ever do is useless  
Nothing You ever do is without a plan  
Oh, let us be in Your hands  
Oh, Forever, oh, forever  
In Your greatness  
In Your power, God

Ooh, O, Jesus  
Ooh, O, Jesus  
You love us so much

That's why You came  
You love us so much  
You came to shame and blame  
But You still came  
Ooh, O, Lord  
Ooh, O, Lord  
That's why You came
