

Focused on Your Love

You love me
You're always there
And when it gets bad
You remind me of heaven

And nothing
Can ever be as bad
As being left behind
When You return, Jesus

Take me home, my Lord
Take me home to heaven
Nothing is impossible with my God
Keep me focused on Your love
Yeah!

I turn away
From my sin
No longer my master
I come to You, Jesus

And no suffering
Can ever stand between
What You are offering
To those who come seeking

Take me home, my Lord
Take me home to heaven
Cause nothing is impossible with my God
Keep me focused on Your love

Take me home, my Lord
Take me home to heaven
Cause nothing is impossible with my God
Keep me focused on Your love
Yeah!

Keep me focused, Lord
Looking to You
Keep me focused, Lord
I'm trusting in You
In all, I do
Take me home
