

Most Important

You are the most important thing in my life
You are the most important thing in my life
That's true and good and right

You are the most important thing in my life
You are the most important thing in my life
That's true and good and right

And how I need You to make things right
And how I need You to pull me out of darkness
Into light
I want You to give me this hope
Yes, You want to give me this hope

And one day I'll be with You
In glory in heaven
And one day I'll be with You
In glory in heaven
And one day I'll be with You

You are the most important thing in my life
You are the most important thing in my life
That's true and good and right
