

You are Great You are Mighty

You came for the lost
The dying, the broken
You've heard their cries
And You're seeking each one

You laid down Your life
You've paid the price
For our sin and death
Now the devil flees
We are listening
We are listening to our King

You are great
You are mighty, Jesus
Crucified for us
You rose again
And now, glorified above
You are good
You love us and Your mercy never leaves
Oh, how great, how mighty is our King

You laid down Your crown
Left the heavens
To redeem us to God
With Your very own blood

Your grace pours down
Living waters on dying souls
Who are looking for hope
We are listening
We are listening to our King

You are great
You are mighty, Jesus
Crucified for us
Rose again
And now, glorified above
You are good
You love us and Your mercy never leaves
Oh, how great, how mighty is our King

Holy, beautiful

Son of God came down
Holy, beautiful
Son of God came down for us
Holy, beautiful
Son of God is risen
We are waiting
We are waiting for our King

You are great
You are mighty, Jesus
Crucified for us
You rose again
And now, glorified above
You are good
And You love us, and Your mercy never leaves
Oh, how great, how mighty is our King
Oh, how great, how mighty is the One
Sent from above, Jesus
You are the One, Jesus
