

FOG (Focus on God)

You're more than I could ever imagine
You're more than I could ever see
You're more than I could ever hope for
In awe of Your love that reaches down to me

Through the rain and fog
I'll focus on my God
Your victory, Your prayers for me
I'll fix my eyes on You Jesus
Help my faith to grow
Keep my eyes on You
So, through this morning fog I'll see my Savior standing there
In front of me
Holding my hand
I'll only trust in You, Lord
Holding my hand

You're more than I could ever deserve
You're more than I could ever repay
And nothing I could do could ever say thank you
In awe of Your love, in You I remain

Through the rain and fog, I'll focus on my God
Your victory, Your prayers for me
I'll fix my eyes on You Jesus
Help my faith to grow
Keep my eyes on You
So, through this morning fog I'll see my Savior standing there
In front of me
Holding my hand
I'll only trust in You, Lord
Holding my hand
I'll only trust in You, Lord
