

Shine

Come, hear His words
Let them in Your life and build upon the Rock
Watch the power of God
Light in your life, a light to this world

And shine, so bright
Light in the dark never to be extinguished
Shine
Hear the mercies of God and His everlasting life

Let your life be filled with His joy
The reason why He came to die to suffer was to give us life
And shine in this world that's perishing away
And we have all of eternity, heaven every day

Shine, let your light glow
To a world that is confused
That's in pain and is dying
Shine, with the good news
Jesus, He came to die
He rose, He's alive

Come, the day is coming soon
We will hear Your shout
And we will come to You
Watch, and pray
We don't want to fall away
We want to hear Your call

And shine, so bright
A light in the dark never to be extinguished
Shine, let your light glow
To a world that is confused
That's in pain and is dying
Shine, with the good news
Jesus, He came to die
He rose, He's alive

I lift my heart to You
So ever thankful to be
In Your hands, Lord
Ever to be counseled
Ever to be guided, Lord
To be used by You, Lord

He came to die and rose for us

He came to die and rose for us
He came to die and rose for us
He came to die and rose for us
