The Best Work We Do

Revelation 2:1-7

1. All your sins have been washed away, past, present, and future. There will be no punishment for those who are in Christ. Yet, God does not save us into laziness.
2. Instruction to church does not involve anything innovative, new, creative, or unusual, as they prepare to endure extraordinary times.
3. Jesus pays attention to the health of our church.

Community Group Discussion.

Ice Breaker : What combination of food do you enjoy that others would find unusual?

Consider Rev 2:2 - Jesus is commending the church for the good they do regarding the protection of doctrine. What do you see as commendable aspects of your church?

Read Rev 2:4 - What does a church that has not lost its love look like? How about one that has?

Have you, or someone close to you, ever been caught up in a "current" or "designer" doctrine or theological movement? Did you ever believe something about the Bible that you are now surprised you did? What was it and what were the circumstances? What changed your mind?

What can you personally do to improve the health of our local church?

Group Members: What encouragement can you offer other members about their giftings that would increase the health of Harvest?
