**Ricky Black**, Lita Diaz' nephew, will have a biopsy on June 18th to determine treatment regarding a possible cancer diagnosis. Prayers are appreciated.

Steve Buscemi has been diagnosed with a pancreatic tumor. It's too small to operate on or even to characterize with certainty what kind of tumor it is. The plan at present is to watch and wait. Prayers would be especially appreciated for wisdom and for guidance on whether or where he should get a second opinion.

**Eva Nichols' biopsy was negative; however, the doctor still wants to do further tests..**

Keep **Bolivar Olivier**, our missionary in Haiti, in your prayers as he had very serious foot surgery recently.

Ashley Brown, Tom House's niece had surgery this week and it went well. She was supposed to be released from the hospital this weekend.

*\*\*\*Gluten-free communion bread is located on top of the desk at the back of the auditorium by the computer/sound system. Please pick up a packet of that before being seated.*
