Reflection Questions:

1. What do you think people consider to be as being clear visible differences between Christians and non-Christians?
2. With love being the clearest observable distinction that separates Christians from the rest of the world, what areas in your life do you feel need the most improvement in showing the love of Jesus towards others?
3. How do you feel that, aside from how Christians love, there are no other categories of distinctions that separate Christians from the rest of the world?
4. Who are some people that you tend to consider "unclean"/unworthy of sharing the Good News of Jesus with? What differences do you have with those people that you need to resolve in your heart so that you can properly display Christian love to them?
5. Do you want to join the loving-family of God and know that God has forgiven you of all

your sins? Read "How to become a Christian" below and talk to one of the prayer partners after service! Don't wait another moment to know how you can be forgiven of your sins and have eternal life!
