Questions for Personal Reflection or Group Discussion

1. Why is a biblical understanding of the past, present and future aspects of our salvation important for us to understand?
2. Why do you think we have placed so much emphasis on justification salvation and far less emphasis on sanctification salvation?
3. As believers live the Christian life we live with the tension between separation and fellowship. We aren't either to isolate ourselves from the world or be saturated by the world. How can we separate without isolation and connect with others without being saturated by the world?
4. What can we do to maintain our focus on Christ as we live in a world that opposes Christ and His purposes in our lives?
5. Consider the practice of sanctification salvation and the four means of our spiritual growth. Discuss how God's Word, Spirit, church and discipline have played a role in your spiritual growth.
