

## Home Fellowship, Week of Jan. 23rd, 7pm

Q: What do you like hot out of the oven with a glass of cold milk: Chocolate chip cookies? Pound cake? Homemade bread? Apple pie?

Q: Is there an area where you consider yourself to be a “slow learner?”

**READ: Hebrews 5:11-14**

Q: Why does the author hesitate to give his readers further details? (V. 11)

Q: How does solid food help one mature in Christ? (v. 14) It is God’s intention that every believer grow to be a teacher of the word in their own realm. How is your growth toward being a “teacher” progressing?

Q: In your opinion, what are the “elementary truths of God’s word?” How are they best taught to new believers? Is there an area of biblical knowledge in which you would like to grow?

Q: How can we train our hearts to “distinguish good from evil.” Have you ever found yourself in a place or situation and discerned something was wrong without being able to put your finger on the issue?

**GROUP TIME: *Ask the Lord to use your Home Fellowship as you strive to disciple one another toward maturity in the word.***
