- Read the whole New Testament in a year by reading one chapter a day, Monday to Friday.
- A unique plan to encourage the habit of daily bible reading and application of scripture to everyday life.
- An easy-to-follow plan that will only take 5-10 minutes per day to read.
- A semi-chronological plan - from Jesus in the gospels, to Jesus in the letters to the churches and individuals, to Jesus in Revelation.
- One gospel per quarter, starting with Mark, then following the story of Acts and the various letters of Paul. We end with John's gospel and letters and finally with Revelation.
- Can be followed directly in your own bible, read online, or listened to online.
- Use your preferred bible version. Note that Harvest will track using the English Standard Version (ESV).
- Everyone can participate in the 2020 vision plan – track on your own or together with your connect group.
- Monthly midweek Biblical Equipping evenings will also track with the 2020 vision New Testament reading plan.
- A 2020 vision reading plan devotional journal will be made available to help capture your thoughts as you engage with the written Word.
- As part of the 2020 vision plan, we also aim (through our library) to compile a handwritten by Harvest copy of the entire New Testament!
- Let us join as a greater church in unity as we read God's word in together.
- Our goal in reading through the New Testament is to see Jesus clearly through its pages.
