HONOURING - PART 5

QUESTION 1

Get-to-know-me

How would you define honour?

Do you think of honour more as a feeling, action or attitude? Why?

QUESTION 2

Into-the-Bible

Read Mark 6:1-6

What stands out to you in this passage? What makes you curious?

It seems as though Jesus was limited by the attitudes of his recipients. If that is true, then the attitude we bring either limits or enhances our ability to receive the blessing of God. Have you ever felt your attitude or the attitude of another person has limited God's blessing?

QUESTION 3

Take-it-home

Pastor Roy shared how, "honour is decided... not deserved". Essentially, honour is a decision. You don't have to agree with someone or justify what they've done in order to honour them. Do you agree with that statement? How can you show honour to someone you disagree with or has offended you?

What does it mean for us as Christians to honour "those in authority" and our government officials?
