## BUILDING EXPANSION EQUIPMENT

DONATION UNIT: \$50  
NUMBER NEEDED: 100

As the time draws closer for us to move into the building addition, we need to start purchasing equipment so we are ready for Day One. Some things that we hope to have in place right away are: Printers, Tables, & Sound Equipment.

## CHAIRS FOR KIDS

DONATION UNIT: \$45  
NUMBER NEEDED: 100

A surprisingly costly, yet important, need for the new space is a place for everyone to sit. We will need 100 chairs to get us started in our added classroom spaces. Please consider blessing our ministries in this way.

## E-BIKES FOR CUBAN PASTORS

E-bikes are essential in Cuba to address transportation challenges, as they provide an eco-friendly and cost effective mode of commuting. Access to private vehicles is extremely limited and public transportation is unreliable. E-bikes can offer a practical solution for our missionaries as they pursue their efforts for the Great Commission. Thank you for helping our leaders be more effective in their Gospel mission.

## MISSION HISPANA GUATEMALA

There is a small rural church in the mountains in Taxisco of Guatemala named Siloam. It is named after the pool of Siloam where Jesus healed the lame man. Paul and Thania Heir are working out of that church for evangelism and within that church for discipleship.

We are blessed to have a small part in such a grand mission. This is a way you can help spread the Gospel throughout the world.

## PREGNANCY RESOURCE CENTER

One of the ministries that we are able to support through our Christmas Offering is a Pregnancy Resource Center, known as Transformation Ministries in the Dominican Republic. Each week they work with at risk girls to provide them with sonograms, prenatal vitamins, and most importantly, biblical guidance.

This ministry is integral in saving the lives of the unborn while at the same time providing structure and training for these girls to find stable work and the gift of the gospel.
