Christology: The Word Made Flesh & Divine Downward Mobility

Worldly Power vs. Divine Downward Mobility

World seeks status

Jesus descended in self-giving love

Born in a humble manger to eliminate distance

Reached the impoverished rather than claiming royal luxury

The Word Made Flesh (John 1:14)

Incarnate as *Sarks*

Took on genuine human genetics, biology, and emotion

The Living Soul

Eternal spirit took physical body, becoming living *nephesh*

The Living Tabernacle

Human flesh veiled God's glory like ancient tents

Kenosis: The Self-Emptying King

(Philippians 2:5–11)

Eternal God

Undercover Boss Principle

Retained divine identity while assuming true servant form

Relinquished Divine Prerogatives

Set aside independent use of omnipotence and omniscience

Spirit-Led Dependence

Submitted every action entirely to the Father's will

Purpose & Practical Application

Perfect Human Prototype

Modeled fully obedient, spirit-empowered human living

Shared Human Experience

Experienced genuine hunger, fatigue, temptation, and grief
