

# Addressing Homosexuality and the Culture

## Websites:

<https://seanmcdowell.org/> - Sean McDowell will give some overviews on how a person can address homosexuality from a Scriptural standpoint, as well as various other apologetic topics.

<https://www.thegospelcoalition.org/topics/homosexuality/> - This will be a conservative collaboration on several topics around homosexuality.

[www.theologyintheraw.com](http://www.theologyintheraw.com) – Preston Sprinkle is on the front line of addressing homosexuality and sexual gender issues from a theological perspective. I will not agree with everything he says, but there are some great areas to think through how to have these conversations.
