Exodus 6:28-7:7

- 1. God's plan and purpose for Moses and Aaron was in motion long before they were born.**
- 2. God's purpose for Moses and Aaron was determined by His plans, not by the response of Pharaoh.**
- 3. God judged Moses and Aaron based on their obedience, not the response of Pharaoh or the Israelites.**

God's plan for your life has been in motion long before your current situation.

God's plan and purpose for your life won't change based on your circumstances.

Your obedience isn't determined by the result.

God calls every Christian to be faithful and to trust Him with the results.

Jesus was faithful and it resulted in His arrest, punishment, crucifixion, and glory.

- 1. Jesus was faithful all the way to the point of death.**
- 2. Jesus demonstrates what it means to live for the glory of God, regardless of the outcome of the moment.**
- 3. Jesus reveals that God's plan and promises are true, even when it seems like they have failed. (Death)**
- 4. Jesus displays the supernatural plan and power of God through His resurrection and ascension.**

God plans depend on His power.

Faithfulness isn't measured by the results, it's measured by obedience.
