

Revival doesn't mean a return to the way things were.

Revival means a fresh move of God in His people today.

Revival brings a renewed faith in God and strengthens God's people to live in the present.

God conforms our hearts to His will when we hear from the Lord and pray,

God confronts our sins when He renews and revives the church.

Renewal and revival are marked by peace, not comfort.

Renewal results in peace, even if things get worse.

Jesus is the source of our life, comfort, and joy.

1. Pray for and embrace a fresh move of God in your heart
2. Pray for and embrace a fresh move of God in His church today.
3. Pray for and embrace a fresh move of God in our country

Our comfort is found in God, not in our circumstances.
