

**Advent Challenge 2023
Christmas as Worship**

Christmas should be Christianity on Display

Christmas is the celebration of a person, not an event.

Worship is not about a place or an event, it is about a person.

Worship is rooted in a relationship with Jesus Christ.

Worship is what you were created to do

Worship is “vertical and horizontal” and it is “personal and public.”

Vertical worship is both personal and public

Personal- Time in the Word, in song, meditating, journaling

Public- Preaching the Word, singing the Word, praying the Word

Horizontal worship is both personal and public.

Personal in your relationships with others

Public in your witness and also the witness of the church.

Worship motivates and fuels sharing the gospel.

Vertical

Horizontal

1. Serving others
2. Your witness
3. Sharing the Gospel

Commit to growing this week in worship, and sharing the gospel this week as worship.
