PRAYER

How can I grow as a disciple and follower of Jesus today?

Am I in the Word consistently? Am I spending time in prayer? Is the Fruit of the Spirit evident in my own life?

Do my kids see me reading the Word, worshipping authentically, praying?

Do our marriages reflect the gospel?

What do our kids see between mom and dad, grandma and grandpa, aunt and uncle, married group leaders, etc...?

Are we taking time and investing in our marriages?

Are we chasing down the foxes that are ravaging the gardens of our marriage? Are we tilling up the soil, pulling the weeds in our marriage, and planting new seeds for fruit harvest?

***What is the Culture of our homes/lifestyles?
What are our norms?***

***How are we intentional with time spent with
the kids in our lives?***

***How can we be intentional with the gospel
and the Word in your kids' lives? Can they
see the fingerprints of God all over their
lives?***

***Do my kids see me holding a high view of
the local church and its vitality to our lives?***

Who do our kids see doing life with us, running the race together? How can we incorporate intentional relationships with others into our homes and lives?

What is YOUR capacity? What in your life is really not kingdom-oriented and ultimately vanity? What in your life can be pruned away for the sake of intentional, organic, real discipleship?

When you think about God calling your child specifically to an unreached people group, what is your immediate response?

How do we address the nations at home? Do we at all? Do we give & discuss? Do you talk about being sent out into our cities, states, country, and nations? Do you support and encourage those being sent?

When are we praying FERVENTLY for our kids by name? How often?

Instead of laboring in vain, will we trust Him to give to us, His beloved? Will we take a step of faith in entrusting the Lord with all things, including our precious children, that are good gifts from Him anyways?

Will we continue to trust in His holy, sovereign plan, and continue to fervently pray for our kids, even when time passes and we can't see the fruit?
