**Sermon Summary**

The pandemic has depleted the workforce in our country and around the world. Distance working, concern for infection and economic factors have negatively impacted the workforce. More and more businesses are having to work harder to hire good dependable skilled laborers. Now Hiring signs are everywhere and the push to get people back to work is in full force. Churches everywhere find themselves in a similar situation needing members to return to worship and consistent giving and active serving. The church functions best when all the members are engaged in the work of ministry. When every member knows their spiritual gift and has a place to serve using their gift, the church grows, is built up in love and God is glorified in Jesus Christ. Learn your gifting, find your place of serving and enjoy the Lord's blessing.
