Thank you for joining us to celebrate the life of our beloved Judy, and for the many heart-warming messages and words of encouragement shared with our family. Julia Ellen "Judy" Jolly was born on October 13, 1942, and lived a life marked by faith, devotion, and quiet strength.

She began her professional career at just eighteen years old in Washington, D.C., serving with the Bureau of European Affairs at the U.S. State Department, later working with NASA's launch operations and at Robins Air Force Base in Georgia. It was there she met the love of her life, James "Jim" Jolly. Married in August of 1974, Judy and Jim shared more than five decades of love and partnership.

Judy was a devoted wife, mother, grandmother, and great-grandmother whose greatest joy was her family. Creative and gifted, she found delight in sewing, quilting, crafting, playing Mahjong, researching genealogy, and preserving family history. As a member of the Daughters of the American Revolution, she honored her heritage and legacy. A faithful and active member of Westside Baptist Church, Judy served joyfully alongside the women of the church and was deeply loved for her warm spirit, thoughtful generosity, and steady, lived-out faith. Her legacy of faith, love, and generosity will continue to live on in the many lives she touched.
