

Defeat the Giants

Materials

- ☐ One stuffed animal, scarf, or other soft object

Instructions

This game is similar to Red Light, Green Light. Have the giant stand on one end of the room. Set the stuffed animal, scarf, or other soft object on the floor in front of him. This will be the goal.

Have students line up across the other end of the room. When the giant turns his back, students will race toward him. When he turns to face them again, they must freeze in place. If the giant sees anyone still moving forward, he will tell them to go back and start over.

Continue until a student reaches the goal and picks it up—he has defeated the giants and captured the city.

Suggested Discussion

That giant was kind of hard to defeat. He kept looking, and you had to keep stopping. Caleb and his men might have had to creep up on the cities in the hill country. But with God helping them, they knew they would win!
