Suggested Discussion

God gave David a very special promise. There were three things God said would happen. First, David's son would be king after him and wear the crown. Second, David's son would build a beautiful temple for God and put the ark of the covenant in it. But the best part was the third promise that Jesus would come from David's family many years later. Jesus is the Savior, who saves people from their sins. He is the King of kings whose kingdom will last forever.

Print one sheet for each student.
