What You Heard *In the Word*

- Solomon wrote many proverbs to teach his son and the people about godly wisdom.
- A biblical proverb is a short saying that helps us understand and use godly wisdom every day.

OutWord *For Family Discussion*

What if you heard someone say he thinks the Bible is a good source of wise sayings, but it is just one source for truth? **What could you say to him?**

The Bible is more than a good source of wise sayings—it is God's Word. God inspired men to write what he wanted them to write. It includes the true history of the universe, teaching about who God is, wisdom for how we should live, and how we can have a relationship with God through his Son, Jesus. The Bible is the only source for true wisdom because wisdom comes from God. No one compares to God. When you read the Bible, you can get to know the one true God who created the universe. No other book ever written is like the Bible!
