Here's our memory verse! Can you teach it to your family?

When I look at your heavens,
the work of your fingers,
the moon and the stars,
which you have set in place,
(Repeat)

What is man that you are mindful of him,
and the son of man that you care for him?
What is man that you are mindful of him,
and the son of man that you care for him?

"Psalm 8:3-4"

What You Heard *In the Word*

- The Bible tells us the earth is only about 6,000 years old, not millions of years!
- We can trust the Bible.

Ask your child these questions from today's lesson:

1. What are birthdays? How do they help us?
They help us keep track of how old we are.
2. What can we count in the Bible to help us know how old the earth is? *People's birthdays.*
3. How many birthdays has the earth had? *6,000.*

Justin & Jessie

"Wow! Mr. Johnson's old. I wonder if there were really 100 candles on his cake," said Jessie. "Yeah. He must have been born a long, long time ago. Like maybe when Adam and Eve were living," Justin said.

When the town celebrates Mr. Johnson's 100th birthday, Justin and Jessie find out the Bible tells about some very interesting birthdays, too. Learn all about it in "Mr. Johnson and Methuselah."
