

Stronger

Happy Mother's Day 2018!

Motherhood has been called ‘the hardest job you will ever love,’ and it takes great strength. Moms grow STRONGER when they do their work alongside Jesus, letting him pull the heavy load.

Matthew 11:28-30 New Living Translation (NLT)

28 Then Jesus said, “Come to me, all of you who are weary and carry heavy burdens, and I will give you rest. 29 Take my yoke upon you. Let me teach you, because I am humble and gentle at heart, and you will find rest for your souls. 30 For my yoke is easy to bear, and the burden I give you is light.”

Motherhood done with Jesus is the place of deepest rest for the soul and greatest strength. But how do we do that when life is so demanding?

When we are confronted with the heavy demands of motherhood we move in one of two directions: “I will do more” or “I can’t do more.” We either burst out in activity, or shrink back in passivity.

Doing With Jesus

Mom thank you for making your relationship with God the highest priority of your life. We are comforted and taught by how you seek God.

STRONGER

“The Sovereign Lord is my strength!

He makes me as surefooted as a deer,
able to tread upon the heights.”

Habakkuk 3:19 NLT

Mom's Priorities

We love it when you model for us God's priorities:

1. Your relationship with God/discipleship to Jesus
2. Your respect and love for your husband
3. Your love, care and nurture of us, your kids, and guidance toward discipleship to Jesus
4. You embrace friends and fellowship in our lives

Saying “No”

Mom thank you for saying “No” and being strategic for our family. When you set limits and protect quality family time we are all better.

Alongside Jesus

1. As a mom what is my tendency under stress? More active or passive? Would moving to the sweet spot with Jesus require me to say “Yes or No” to certain things? What things?

Alongside Jesus

1. As a mom what is my tendency under stress? active or passive? how do I move to the sweet spot with Jesus?
2. As a mom and multi-tasker I can open up a lot of ‘windows’. How can we as a family help close those windows by working together? No one walks alone!
