Sermon: "Humble Boasting"

Text: 2 Corinthians 10:1-16

SUMMARY

Following Paul's example as he follows Christ, we are called to take every thought captive and to act with humble boldness in our obedience to Jesus, all the while seeing the gospel go out through our partnerships and planning.

FOR FAMILIES

Paul appeals to the Corinthians based on Jesus's nature. What about Jesus do you want to be more like? How can we become more like Jesus?

Paul tells the Corinthians they were putting things above Jesus, and they had to stop that. What do you value more than time with Jesus? How can you put Jesus first in your life?

FOR GROUPS

How is our culture like the Corinthians' culture? What humble boldness in the lives of Jesus and Paul addresses my struggles in the culture?

What arguments/self justifications have you seen yourself do in this last week to avoid following Jesus's law? What enjoyable things do you put above Jesus? What would you struggle to give up if Jesus asked you to (even if it is not a bad thing)? What Scriptures speak to my desires?

What in Scripture do you find scary or hard to deal with? What area of your life do you find hard to trust to God? How does knowing we are Christ's give us the humility and boldness to trust His word? How can I better grow by participating in discipleship (either side)?

How does realizing God sets the limits on our influence give us humble boldness to fulfill them? How does knowing that God expands the limits as you in faith finish the tasks He has given you, impact your humility and boldness? What is God laying on your heart as a personal area of influence How about a corporate one for Grace Waco?
