Luke 1.26-38

**What is a miracle?**

An event remarkable in that it goes contrary to the laws of nature, that is, to the usual course of events. It is an act not fully explained by natural forces, science, reason, or culture and it is attributed to the intervention and sovereign work of God our Father.

I believe miracles are for today. God still does miracles!  
I believe we have the right to expect, ask, and believe for miracles today!

**About Miracles**

There is a human element in all miracles.  
God has to have somebody He can use for a miracle.  
You don't control the outcome.  
Rest in God's timing

**Seven Components for a Miracle**

1. Go to the Word. Lean into the promises.
2. Ask according to the Bible
3. Prepare to give God the credit
4. Give God your all.
5. Don't hinge your love for God on the Yes to your miracle.
6. Lean into your faith – Keep believing, keep loving,
7. Keep watching with expectancy.

*"Now to Him who is able to do far more abundantly beyond all that we ask or think, according to the power that works within us," (Ephesians 3:20, NASB95)*

*What if you are the answer to someone else's miracle?*

**Discussion questions: Do You See What I See? | Miracles**
