

Discussion title: What are we exporting?

Content

The main focus of the sermon is what do we have to offer the world outside the boundaries of church. What are we doing with the abundance of the work of God in our lives? We look at places where we live life, and we focus on distributing the fruit of the Spirit around us.

Discussion points or questions

Where are the areas where we can influence people around us?

What are the nine fruits of the Spirit?

Where is your area of struggling to exhibit the fruit of the Spirit?

Who are you praying for to get saved?

Share examples or stories of how you made a difference as a Christian around you

Conclusion

Fruit carry seed, if we give freely of our fruit to those around us we have also sowed a lot of seeds out there. God's goodness is so abundant, and we have more love and kindness to fill us for eternity, why not give away time and love to those around you.
