

Discussion title: Resurrection Sunday

Content

We look at the scriptures about Jesus resurrection. The Pharisees put a guard at the tomb to make sure the disciples wouldn't steal Jesus' body and claim He was resurrected. Then an angel appeared and the guards was filled with fear. The angel told Mary Magdelene and the other Mary that Jesus was already risen and they should tell the disciples.

The guards fled and told the Pharisees what happened, and they instructed them to spread a lie that the disciples stole the body and now claim He was resurrected.

We are also looking at the powerful meaning of resurrection for us as people. It means we are spiritually resurrected after the fall of Adam and Eve.

Matthew 27:62-65

Matthew 28:1-5

Matthew 28:11-15

Ephesians 2:1-9

We are also exploring things, dreams or relationships that we feel died, and we need to trust God for resurrection in it.

Ezekiel 37:1-14
