Conner I think of that night in Bethlehem
When one tiny babe was born
Remembering all who welcomed Him
The child who would change the world

Colton I was not able
To kneel in the stable
But I will still find Him today

CHOIR I'll shine like a star
Leading all to His light
And show up like shepherds
Who ran to His side

CHOIR I'll sing with the angels
And seek like the wise
I'll witness of Christmas and Christ

Skylar The angels sang out that holy night
Inviting the shepherds, "come"
And one shining star shared heaven's light
To point to God's promised Son

Lena I was not able
To kneel in the stable
But I will show others the way

CHOIR I'll shine like a star
Leading all to His light
And show up like shepherds
Who ran to His side

CHOIR I'll sing with the angels
And seek like the wise
I'll witness of Christmas and Christ

Aria Come let us adore Him!
Come let us adore Him!
Come let us adore Him!
Christ the Lord!

CHOIR Come let us adore Him!
Come let us adore Him!
Come let us adore Him!
Christ the Lord!

CHOIR I'll shine like a star
Leading all to His light
And show up like shepherds
Who ran to His side

CHOIR I'll sing with the angels
And seek like the wise
I'll witness of Christmas and Christ
