1. God wants a relationship with us...He wants to be our father....how do you react to that? What emotions does that spark in you?
2. Think about the words “brother” and “sister ...how do they add to or change your perception of “church”?
3. How have you experienced church as being like a family for you? give an example....
4. Church is the family where we learn how to grow up in a life-changing relationship with God....how have you grown up in Christ by being connected to other Christians? Do you need to restore a relationship with another brother or sister in Christ?
