

# Continue the Conversation

September 28 -

1. Do you feel the odd mix of being precious to God while feeling like a foreigner “in the world”? How does it make you feel that Jesus Himself experienced the same?
2. Reflect on your own life – how “you were” ...but now in Christ “you are”...
3. How does it influence your attitude toward fellow believers that together we are “living stones” in which God is present and worshipped? How are your relationships with fellow believers, fellow “living stones”?
4. How is it going living out your life in Christ in the world? Is there anything in your life that is going along with the world, that you need to “abstain and distance” yourself from?
