September 21 - What's a Body for?

1. How does picturing the church as Christ's body affect your perceptions of "church"?
2. What experience and abilities do you offer to the people of Crosstown?
 - What inhibits you from doing it?
 - What have others done that has benefitted you?
3. Differences in our gifts, our personalities, our views, can cause us to either lean INTO and rely on those different than us, or can cause us to distance FROM them.
 - how are you responding to differences between you and others at Crosstown?
4. Love is emphasized as the attitude in which we are to serve others.
 - how is your "love" level toward others?
5. How do you respond to the church as a "means" to impact the world rather than the church as an "end" by itself? - Which is more your view of our church?
