

Our Mediator Leads Us

Exodus 32.1-6

1

The Failure of the People

- False worship is born out of false wisdom.
- False worship seeks answers in the wrong places.
- False worship seeks shallow satisfaction of deep needs.
- False worship worsens the problem that it tries to solve.

2

The Failure of the Leader

- False leadership follows the people in fear instead of leading them.
- False leadership seeks to compromise with evil rather than lead with integrity.
- False leadership deflects blame instead of taking responsibility.

3

The Mediator is the Cure

- The consequence of sin is the wrath of God.
- The covenant must be sustained by the mercy of God through a mediator.
- The mediator satisfies the justice of God as he brings God's mercy.

4
