

Our Red Sea Miracle

Exodus 14.21-31

1

The Red Sea and the Resurrection

- 1. God leads His people on a tangled journey to victory.
- 2. In ourselves, we are hopeless against the power of sin and death.
- 3. The way of salvation is through the waters of judgment and de-creation, not around them.
- 4. God preserves His people.

2

The Red Sea and the Resurrection

- 5. God's salvation is a deliverance of a people through judgment of a people.
- 6. God's salvation is experienced through faith.
- 7. God's salvation is an ascension to glory.

3

The resurrection of Jesus is the Red Sea miracle for all who trust in Him.
