### Look out for each other

- We are to build a culture of integrity that resists the allure of the crowd and blind allegiance to causes.
- We promote reconciliation by how we treat our enemies.

### Look up through rhythms of rest and worship.

- God leads us into rhythms of rest that blesses all who come into contact with them.
- God gives us rhythms of worship to worship Him alone.

Keep your eyes on Him throughout the journey.

- Follow God's appointed one all the way home.
- Worship God alone in the new land
- Work for incremental victories as you wait for the larger victory to come.

Let the rhythm of rest and worship sustain our journey of faith together.
