Discussion Questions (can be used with small groups or personal devotions):

- His birth and the cross seem to be the two most predominant times we consider Jesus. What prevents us from thinking more of Christ prior to the incarnation?
- Why is it important to believe in the preincarnate existence of Christ?
- What is the significance of John 17:5 and Philippians 2:6?
- More plainly, why is it vital that we believe in the deity (being God) of Jesus Christ?
- How would you reply to someone who believes Jesus became a God? How would you reply to someone who believes Jesus was created (had a beginning)?
- Why could Jesus not be “just” a good moral teacher but nothing else He claimed?
