

BIG 4 FOR E4

Each year we attempt to look into the upcoming year and determine what our largest capital projects will be. We have spent time with our staff both stateside and overseas and determined what are the next Big 4 projects are. Our goal for 2022 is to complete phase one in each of the following areas. However, we wanted to give folks an idea of what will come after completing these parts of the projects. Should we raise more money, we could move future projects forward more significantly.

1. Agriculture & Sustainability
2. School Projects
3. Economic Development
4. Utility & Infrastructure

A representative from Mission E4 will be here on November 21 during the Sunday School hour.

This will be a time of Q & A.
