#### Application Guide:

1. When you think about your spiritual growth right now, where do you feel encouraged and where do you feel stalled? What do you think has contributed most to each?
2. In what ways have you personally assumed that learning more automatically meant growing more?
3. Which barrier resonates most with you right now: fear, busyness, comparison, or passivity? What do you think that barrier has had such a strong influence on your decisions?
