

**A Reception Problem**  
**Luke 11:16; 29-36**

**Intro:** That God has revealed Himself to man is a wonderful gift of Grace. That He has done so not just in creation but also in both the Living Word (Jesus) and in written word (Bible) is truly a great blessing. The reality is that we often do not receive this revelation correctly for we often have a reception problem!

**I. The rejection of revelation (29-30)**

**II. The responsibility of revelation (31-32)**

**III. The reception of revelation (33-34)**

**IV. The response to revelation (35-36)**

**Conclusion:** While physical double vision can be annoying, distracting and extremely frustrating, spiritual double vision will keep us from receiving revelation correctly and this has far greater consequences. May our vision be single and may God's Word illuminate our lives.
