

## Session 2

1. What was the most thought-provoking concept you heard in this session?
2. On the video, Dave & Ann Wilson mentioned the significantly different rating they would have each given their marriage - Dave would have rated it at 9.8 and Ann would have rated it at 0.5
  - a. Do you think this is typical, that one spouse thinks their marriage is doing better than the other spouse does?
  - b. If you believe this is typical, why do you think it is so?
3. The point was made that couples drift apart because they've not made their marriage a priority. Practically speaking, what can a husband do to prioritize his marriage? What can a wife do?
4. Think about some of the couples whose marriage you admire. What do you see them doing to build oneness in their relationship?
5. On the video, the sobering point is made that Satan is actively trying to destroy your marriage, that he - and not your spouse - is your enemy.
6. List some of the things that commonly cause couples to drift apart; then identify anything that might be causing you and your spouse to drift apart.
7. Describe the role you believe God has in keeping your marriage together.
