"Proclaim the LORD's greatness with me; let us exalt his name together. Psalm 34:3

Wagheri of India: The Wagheri (Wah-GEH-ree) are a Hindu group of 1,500 people in India. Most of their communities are tent villages made from trash and plastic found on the side of the road. Until February 2024, there were no known believers among them. A Wagheri man was searching for his family's daily meal when he met a Christian who shared the gospel with him. "I thought Jesus was only for other people," he replied. The Christian shared that Jesus came to save Wagheri people too. The man was dealing with a persistent illness, and the Christian began to pray for him and asked others to pray. He began to experience relief for the first time in years. God brought physical and spiritual healing to the man. He put his faith in Christ and was baptized. Since then, God has provided for his family so that they no longer needed to rummage through trash for sustenance. Several Wagheri in other villages have also chosen to follow Christ. Praise God for moving among this people group.
