Tongues and Interpretation

*“For I would say to you: These are the days that My church will flow higher in the realm of the Spirit. It was always My plan—always has been, always will be—for My people to flow in the supernatural. To do without My Spirit was never the plan of Mine, and because many have done without or many have rejected, they have lost the supernatural. And many have died prematurely when miracles were available—when healing should have been the way for them.*

*But I am saying to you: Be people of the Word. Be people of the Spirit. For when the Word and the Spirit come together, there will be supernatural power that will unfold, and the miracles—oh, the miracles—they will be great! Many—not limited—many miracles, many healings! In fact, the healings and the miracles will be the way of life for My church in the last days. But not every church—only those who are willing to go. I will lead those willing to go into greater things of the Spirit.*

*Be willing, saith the Lord.”*
