A large, vibrant red heart is the central focus, appearing shattered and cracked. The heart is composed of many sharp, angular facets, giving it a crystalline or gemstone-like appearance. The cracks are dark and jagged, spreading across the surface. The background is a plain, light gray. Overlaid on the heart is the text 'BROKEN HEART' in a bold, black, sans-serif font, positioned in the upper half. Below it, 'UNBROKEN LOVE' is written in the same font, spanning the width of the heart. The text is slightly shadowed, giving it a three-dimensional feel as if it's floating or attached to the heart.
