

TAKING IT HOME

What is God speaking to you this week? What is the main thing that God is impressing upon you this week that you will respond to? Spend some time with the Lord and meditate upon how He will empower you to walk with Him in this way.

In what ways are you expecting God to meet you in your walk with Him this week?

QUICK REVIEW

Looking back at your notes from this week's message, was there anything that particularly caught your attention, challenged or confused you?

MY STORY

This week many of us experienced a state wide emergency like never before. Millions of eyes were on Oroville, most of whom have never even heard of our little town. The good news is that nothing serious happened and we are all safe. It is events like these that cause us to think about safety and our loved ones.

DIGGING DEEPER

1. Where were you when the alert happened?

How did you hear about the emergency?

How did you respond to the situation?

How will this effect your life from here on out?

2. God is never surprised by emergencies. When things happen in life that surprise us, it is critical that we turn our attention to the Lord and respond in accordance to His word. In what way did you respond to the Lord in the situation?

In what way could you have responded differently that would have been more productive and healthy?

3. As much as we rely upon our law authorities, it is God who ultimately watches over our city. As Christians, we are to put our trust in God and not man. What can you learn about this situation that will help you grow in your walk with the Lord?

In what way can you adjust your outlook or response to be a better beacon of hope to others around you in such situations?
