

You Can Do This: You've Already Had Training

Somewhere, as you're watching these videos from the Cross Waves Church Hosting Workshop, a thought goes through your head, "I can do this!" That is such an exciting time as you grasp the concept that you can use your home and be a disciple-maker just like Christians did in the New Testament.

The biggest issue that we have at Cross Waves is keeping you from making this disciple-making process harder than it should be. *When people say, "I don't know if I can do this", I ask them three questions:*

Have you ever had guests in your home for dinner?

Have you ever watched TV in your home?

Do you have a passion for people to know Christ as their Savior?

If you answered, "Yes," to all three of these questions, then not only can you be a HotSpot Host, you have already had training! It's that simple!

We get told all the time how innovative Cross Waves Church is, however, we did not come up with this - we just followed what they were doing in the New Testament. People became Christians, opened their homes, and had a meal while they talked about God. We've just added the TV component to give you more time to do what you do best, love on people.

We jokingly say all the time that if the Internet and TVs were around in the Apostle Paul's day, he would have been doing Cross Waves. It would've saved him a lot of time writing letters to help people with Bible doctrine.

We believe that heaven will be sweeter when you find someone there that you help disciplined to follow Christ. When that “I can do this!” thought crosses your mind, please fill out the form to register your HotSpot. **We look forward to partnering with you!**
